

Workshop on Entrepreneurship & Innovation

28 April 2019, Tabarka - Tunisia

Abstract

The workshop on Entrepreneurship & Innovation is the first step in the Entrepreneurship and Innovation. Students are strongly encouraged to attend. However the workshop is open to all active peoples interested in entrepreneurship and innovation.

Innovation and entrepreneurship are essential drivers of growth and the main sources of value and wealth creation. They therefore need to be managed very carefully and with great discipline in both start-ups and established firms. If you are an executive seeking to develop your entrepreneurial skills, launch new business ventures and discover best practices for stimulating innovation, this is the program for you.
